[Verse One (Keon Bryce):]

So many girls I know,  
Don't wanna let me go,  
That is the reason why,  
Me and you just flow.  
It's like you make me glow.  
As soon as i see you, child,  
Yes, you drive me wild,  
Wit' your ebony smile,  
You are, you are, you are something special.

[Chorus:]

So Anyway u want it,  
You know I'll always try,  
And when you need it (Girl),  
You know I will provide,  
You know I love it (love it),  
Havin' you by my side,  
Let's stay together (Girl),  
Oh Oh.

[Verse Two (Ms Dynamite):]

I never tasted such a sweet kiss,  
And I never felt so much tenderness,  
And he got me weak,  
He's gone five minutes and I miss him,  
I'm feelin' deep,  
Baby sit down and listen.  
Anytime that you ain't here you got me feenin',  
For your love it feels so good it's like I'm dreamin'.  
Just your touch has got my heart screamin',  
It's crazy baby what ya got me feelin'.

[Chorus:]

So Anyway u want it,  
You know I'll always try,  
And when you need it (Boy),

You know I will provide,  
You know I love it (love it),  
Havin' you by my side,  
Let's stay together (Boy),  
Oh Oh.

[Verse Three (Keon Bryce And Ms Dynamite):]

I know something,  
I do see,  
Baby you got that love I need.  
you're the only one that can set me free,  
Boy I'll love you eternally.  
I don't need nobody baby,  
I really want you to know I love you crazy.  
I don't need nothin' besides,  
Havin' you in my life.
