Chorus:

My heart just wont stop burning  
But I gotta let it go  
Fighting these feelings but they keep returning  
I just gotta let it go, and  
Mind, body and soul is yearning  
I gotta let it go, let it go  
Let it go, let it go now...

I aint timing a mutha\*\*\*\*a  
Boy you so damn sexy  
But I know that we, can never be  
The circumstances and consequence of us, pursuing  
and doing  
This shit I been thinking about doing  
Aint gonna lead us to nowhere but ruin  
I feel, I got too much to lose in you  
A friend that I could see my side to ride  
This the whole way through, oooh  
And I really wish, I was the type of girl that aint give a  
shit  
Cause all I want to do is lose control  
Touch your heart, and  
Ease your soul

Repeat Chorus

How cupid gone just shoot me down  
At a time like this  
I fiend for just one kiss  
Cause dreaming seems so hopeless  
The circumstances and consequences of us fulfilling  
These feels that I been feeling  
Only gonna provide a s\*xual healing  
But I feel, there's so much more in our minds  
Its like a spiritual higher level  
Feel I known you my whole lifetime  
And I really wish, I was the type of girl that aint give a  
shit  
Cause all I want to do, is loose control  
And touch your heart, and  
Ease your soul

Repeat Chorus

He takes my breathe away  
And he knocks me off my feet  
Got my heart skipping beats  
But I gotta let it go now  
He makes me oh so shy  
Blushing every time that i caught his eye  
I love the way he makes me smile  
But I gotta let it go now

Repeat Chorus
