Now I'm a tell it like this girlfriend, he don't love you  
Never have I seen him kiss or hug you  
He don't make effort, he don't respect you  
Or accept you for you

Tells you what to wear and how behave  
Comes in your home and treats you like his slave  
Don't need him if he makes you sacrifice your freedom  
Get him out your life

Shouts and curses at you in public places  
Sleep in your house on a part time basis  
He ain't eve takin' care of his child  
He don't make you smile

I understand you love him and your down  
But that don't mean you got to be his clown

(Girl, you got to put him out)  
Change them locks and all that  
(Girl, you got to put him out)  
And this time don't take him back

(Girl, you got to put him out)  
Take the time to love yourself  
(Girl, you got to put him out)  
You can find real love with someone else

He don't even know how to be honest  
All he know how to do is false promise  
Any real man agree he ain't a man  
After the first time that he raised his hand

Treat your home like hotel, don't pay his way  
Lost count of the times that that dog has strayed  
Sleep around, creep around, bring back disease  
What if next time it is H.I.V

4 baby mummas, 8 kids and no work  
You can play strong but I know that it hurt  
You make the choices you gotta stop this  
'Cos girlfriend the boy's worthless

I understand that y'all were love birds from school  
How did you get from bein' his girl to just bein' his fool?

(Girl, you got to put him out)  
Change them locks and all that  
(Girl, you got to put him out)  
And this time don't take him back

(Girl, you got to put him out)  
Take the time to love yourself  
(Girl, you got to put him out)  
You can find real love with someone else

(Girl, you got to put him out)  
Change them locks and all that  
(Girl, you got to put him out)  
And this time don't take him back

Your little girl needs a daddy I agree  
But the fool is far from that  
Any boy can be a father  
That ain't reason enough to keep on takin' him back

He never reads with her or takes her out  
That shits called neglect you hear  
Sure she confused and tired of always seeing  
mummas face  
Bruised and drownin' in tears

Look what you showin' her by lettin' him disrespect you  
You just growin' her to think that it's something that all  
men do  
You owe it to yourself and your daughter 'cos she  
thinks it's all alright  
When she get older follow the footsteps you showed  
her  
How you gonna look her in the eye

(Girl, you got to put him out)  
Change them locks and all that  
(Girl, you got to put him out)  
And this time don't take him back

(Girl, you got to put him out)  
Take the time to love yourself  
(Girl, you got to put him out)  
You can find real love with someone else

(Girl, you got to put him out)  
Change them locks and all that

(Girl, you got to put him out)  
And this time don't take him back

(Girl, you got to put him out)  
Take the time to love yourself  
(Girl, you got to put him out)  
You can find real love with someone else
