[Verse 1]

I come crazy widdit the beats sinkin in it,
These niggaz shook and timid bang just to bin it
Living probably zero and rats runnin deniro
I'm sick makin em settle like cheap tricks
I've the right to be cocky, long, lanky or stocky
I went to da lobby charge me wid assault and all
robberies
Snatch they souls, ryde em on they pry
Show dem how to hold they crutches, spit like I was a
guy
They wanna take ? they bleed just like i bleed
I ain't the same my game is at a much faster speed
I'm Ms Jade y'all flowin thru the rainfall
Like thunder this gon be a hot summer
I got it figured out, go da regular route
Cos short cuts only end up in short bucks
Get the dough and just stack, leavin em feelin like
track,
Cheaper dan rat my damn voice platinum

[Chorus] Timbaland

She's a stick up girl not a sociable girl
Unapproachable girl everyday type of girl
She's a stick up girl just a stick mans girl
People love this girl they go to walk with this girl

She's a stick up girl not a sociable girl
Unapproachable girl everyday type of girl
She's a stick up girl just a stick mans girl
People love this girl they go to walk with this girl
