baby when i met you there was peace unknown
i set out to get you with a fine tooth comb
i was soft inside there was sumthen goen on
you do sumthen to me that i cant explain
hold me closer and i feel no pain
every beat of my heart we got sumthen goen on
tender love is blind it requires a dedication
all this love we feel needs no conversation
rely on eachother uh huh
maken love with eachother uh huh

chorus:
islands in the stream
that is what we are
no one in between
how could we be wrong
sail away with me
to another world
we can rely on eachother uh huh
from one lover to another uh huh

i cant live without you when your love is gone
everything is nothing when you got no woman
and you just walk in the night slowly
loosen sight of the real thing
that won't happen to us
and we got no doubt
too deep in love and we
got no way out and the
message is clear this could
be the year of the real thing
no more will you cry
baby i will hurt you never
we started in as one
in love forever we rely on
eachother uh huh
maken love with eachother uh huh
