To surmount my fears, to control my hate  
To stand up my pain, to believe in myself  
To sustain my hopes, to forget my deceptions  
To bury the past ghosts, are the lessons that life...  
taught me

Alienations, doubt  
Losses and conflicts are the memories that more i  
remember  
but i can't desist of life

I can learn to resist  
I can learn with my pain  
I can learn with my feelings  
I can learn with my mistakes  
I can learn to accept  
I can learn with my unrest  
I can learn with my peace  
I can learn to have self-love

A raving make me to see the lucidity  
If to be lucid is to demerit the feelings  
So, hear the voice of a insane  
Wanting to express your own feelings

I'm a simple mortal wanting to love, to dream and to  
exist

Your weapons try to corrupt my values

In your words i don't find any incentive  
And even so feelings still exist in me  
Your words don't advance nothing

I'm a simple mortal wanting to love, to dream and to  
exist

I don't want to be crazy again (help me)  
Think in that leaves me afraid (hear me)  
Why all fake not to understand? I don't want to be crazy  
again

A raving make me to see the lucidity  
If to be lucid is to demerit the feelings  
In your words i don't find any incentive  
Your words don't advance nothing

I'm a simple mortal wanting to love, to dream and to  
exist

I want to see what i cannot see with all my feeling  
I want to be what i cannot be and to change my reality
