At one Day I must work  
But I was too late;  
Two girls stand there in front my door  
And I was happy  
That they don't left the house  
And I have had such a dream

You are shining so bright  
Saw your smile on your face  
When I looked into your eyes  
It was so wonderful ...  
Like a miracle

It takes only seconds  
Before my heart has gone  
And now I have had lost it  
On the way to your heart  
Because the door was closed  
So I have to dream my dream

You are shining so bright  
Saw your smile on your face  
When I looked into your eyes  
It was so different ...  
Can't get enough, can't get enough  
Break

You are near and also far  
Say, what should I do -  
You need another friend To hold your hand and love  
you  
Until the moon falls down  
And the earth begins to burn

You are shining so bright - don't  
Forget all the wonderful days  
When we smiled together and  
Take some old memories, some memories ...

Now I have to go far,  
Far away for a long time.  
But when I go I'll think back

Think back on your eyes  
Your eyes and more ...
