[Verse 1: DJ Paul]

I fuss wit' the light green
I fuss wit' the drizzle hoe
I puts five to the tail
I smokes till it is no mo'
I fuss wit' this hotel
I gots towels to the do'
I fuss wit' this freaky hoe
That's down fo' the dicky flo'
I'm blazin' this sticky, but never mixing it wit mycoke
This one right here for the nose,
This one right for the smoke
This one right here for the dollars
This one right here roll the blunt
I'm taking six from the stix
I'm wildin' like niggas stunt

[Verse 2: Juicy J]

1st you get the swishers
2nd buy the liquor
3rd buy some of that sticky, most smokers call it sticker
Can't forget the Newport, suckin' on my too short
Call my nigga Big Tris, bring that blow and snizort
I'm high ass fucking lizzy
I'm stressin' how i'm livin'
Oh please, oh please, oh please,
just give me just one mo' hizzle
This hydro weed I got some
I might blow you a shocker
But if you can't play hizzap
I guess yo ass don't want none

[Hook repeats 4x]

[Verse 3: Crunchy Black]

Give me weed, give me green,
give me somethin wit no seed
Give me somethin I can break down wit
no sticks or unstamy
It don't makes no d if its ? or dat bud
Just give it give it to me
and my hand will fill it up
In yo hand you receive is a big face from me
Tell my nigga pass me that swisher,
so I can roll up this weed
Get me fiending up wit weed
Put that joint to that sweet
Then my nigga looked at my me
Then we started to repeat

[Verse 4: Gangsta Boo]

Yo, I be smokin' out daily,
maybe get up on some hazy
Then remote and faded baby,
cause you niggas drive me crazy
Still a lady when I'm escalated
Faded with my peeps
Bobby Brown smokin' niggas know not to even step to
me
When I'm high I ain't gone lie,
I'm feeling freaky up inside
You wanna keep it on the low
I put my truck on the other side
Nigga nigga what'chu mean Gangsta Boo be on that
green
Looking good up on the scene
Posted up knowwhat I mean

[Hook repeat 4x]

[Verse 5: Lord Infamous]

Gone on the pills after ?
Yes I break out of the lot
Smoke too much hydro puff
I'm takin' it up a notch
Too me you ain't got to eat?
And the stranger thinks of me?
I'm paralyzed from the P
I'm shootin' up cause of thee
Bacardi for cocoa plex
I step up and now he letched
I'm going in to a trance

Da deadliest demon man
You thus as the Sosate say
Yeah pass me that saucer tray
Or pass me a blunt of hay
I wanna just drift away, drift away

[Verse 6: Koopsta]

I be smokin' on motherfuckin weed
and chiefin' out
Hear me saying satinac prays
Let her suck my dick
Fo this girl drive me crazy
These niggas got me doped
Gotta blaze a blunt into me
Fo just take me to the chiefin' room
Fuck the city with the chicken
Chief the chicken, roll the chicken
Smoking got the chicken out there dirty,
with a lot of sticky
Hear me this and I think I blowed a pound
Now I seen me a little silohuette of mine

[Crunchy Black:]
Yeah that mothafucking green
Yeah that got damn dope
