Find a special crazy zone  
Travel along a tube and find  
Let it mess with your mind  
Nooner, gonna interfere  
Pullin' out your hair with a toothbrush  
Nooner, making all the crazy  
Unnecessarily lazy  
Living like a hermit crab  
Let the Nooner reach and grab  
Pull your brains out by the stems  
And never know when  
Chorus  
Nooner is the thing that's never been born  
It likes to kill without being warned  
Travel along that tube tonight  
And let the Nooner die...
