"With A Kiss"

Soft and quiet at the table tonight
In fact it seems it's hard for you to look me straight in
my eyes
Is there something wrong, do you have some place to
go
Or can you tell that I already know?

You have been with me and it seem for quiet sometime
Though you call me Lord opposed, you still have so
much to hide
And this is our last dinner but yet you still won't say
You're sorry or you regret the crime that you're about
to commit

Yes I know, why you would tell me that you love me
And I know, why you would stay with me for so long
You got close to my heart so you could break it
And then you made a way close enough to my face
To betray me with a kiss

My father told me there'll men like you
Who would wine and dine, spend most of our time
tryin' to confuse
I'm humble and I'm meek doesn't mean that I'm
hopeless or I'm weak
That a foolish man believes that he could walk right
over me

Yes, I know, why you would tell me that you love me
And I know, why you would stay with me for so long
You got close to my heart so you could break it
And then you made a way close enough to my face
To betray me with a

Till as you messed up you don't know just who I am
[Incomprehensible] you should not mess with me

Yes, I know, why you would tell me that you love me
And I know, why you would stay with me for so long
You got close to my heart so you could break it
Then you made a way close enough to my face
To betray me with a kiss

You betray me
Betray me with a kiss
