Yo, this one's for all my ladies  
That been through a similar situation like this  
Say, it don't matter what color you is, how old you are  
Where you from, what you've done  
All chicks been through somethin' like this, listen

If I had that thing on me, woulda shot you right then  
If I had that thing on me, I woulda popped you right  
then  
Nigga, yeah, you played me an' said you was down for  
me  
An' if I ever had beef, you had the full pound for me

Fuck your trucks, fuck your niggas, fuck your bitches  
an' shit  
I'm through wit you, yet I'm still gon' handle my shit  
Financially there when I needed you but so the fuck  
what?  
You stopped callin', came through wit that bitch in your  
truck

Bet you expected me to cry, nigga, I smoked fly, nigga  
An' I'ma be straight from now 'til I die, nigga  
Fuck you an' everthing you stand for  
I shoulda known not to never fall in love wit a whore

Fooled yourself like I wouldn't ever get it together  
without you  
Listen up, wasted skin, I'm much better without you  
Nigga, you toyed wit my teenage years an' my  
womanhood  
I hate you, hope I make it understood

Why u tell me that you love me?  
Why u tell me that you care for me  
When you didn't do it?  
Why u thought that you was there for me  
When you wasn't at all?

Why u tell me that you love me?  
Why u tell me that you care for me  
When you didn't do it?

Why u thought that you was there for me  
When you wasn't at all?

Took me to the spot that you like to gamble at  
Had my boys in the spot that you liked to gamble at  
Luckily you was May Day, walkin' around like it's okay  
Big man in the streets, huh? Yeah, okay

Lead me on, told me I was gon' be your wife  
Nice cars, big house, livin' a beautiful life  
Yeah, it's true, I stopped fuckin' wit you plenty of times  
But I change plans wit my girls for you many a times

Stepped back an' thought about the dumb shit you put  
me through  
Broke a lotta niggas heart's 'coz I was fuckin' wit you  
Honestly, I'm kinda glad that I learned from my  
mistake, nigga  
Be a better person, fly bitch, get this cake, nigga

You gonna see I was the best you had  
You say you love me an' you sorry, well, that's too bad  
Nigga, you toyed wit my teenage years an' my  
womanhood  
I hate you, hope I make it understood

Why u tell me that you love me?  
Why u tell me that you care for me  
When you didn't do it?  
Why u thought that you was there for me  
When you wasn't at all?

Why u tell me that you love me?  
Why u tell me that you care for me  
When you didn't do it?  
Why u thought that you was there for me  
When you wasn't at all?

Nigga, if you see me in the street, I don't want you to  
speak  
An' if I ever have a show, I don't want you to go  
It' ain't no comin' back to you 'coz I'm hatin' you now  
An' usually when I hate a nigga then I'm layin' him  
down

I can't seem to understand why I fell for you  
Pushed ki's overseas, went to jail for you  
When you got knock, I came through wit the bell for you  
You had beef, I was there bustin' shells for you

I risked my life, shit, I did a fuckin' bear for you

If I ain't miscarried, woulda had a kid for you  
I shoulda robbed all that fuckin' coke I hid for you  
You gonna play me after everything I did for you?

I'm pissed off, I know you hear the fuckin' anger in my  
voice  
Stay around, blow town, nigga, you make the choice  
But if you're here when I come back, I'm still on your  
ass  
I'm mad as shit, I'd probably wind up killin' your ass

Why u tell me that you love me?  
Why u tell me that you care for me  
When you didn't do it?  
Why u thought that you was there for me  
When you wasn't at all?

Why u tell me that you love me?  
Why u tell me that you care for me  
When you didn't do it?  
Why u thought that you was there for me  
When you wasn't at all?

Yo, I just wanna thank the guys  
The guys who, who made us feel like this  
Made us understand how strong we are as women  
Yeah, I know my ladies understand what I'm sayin'  
[Incomprehensible] y'all what you gonna do  
Take it on the chin an' bounce back

Why u tell me that you love me?  
Why u tell me that you care for me  
When you didn't do it?  
Why u thought that you was there for me  
When you wasn't at all?

Why u tell me that you love me?  
Why u tell me that you care for me  
When you didn't do it?  
Why u thought that you was there for me  
When you wasn't at all?
