We are all going all going  
Take It On, Run with me and all  
Smile, big for the camara Yes  
Baby the Camara, We all are gonna  
Take it on weather or not,  
He mad or even glad.

Theres just two chocies in life  
I think we have to pick the best  
of the both worlds, this is the  
otherside of me not just Sergeant Troy  
and his money, there is a fun side of me  
Troy Rodriguez playing and writing,  
Smile big, Take it on, got dreams Take it on,  
Getting beat tell them comon, Take it on.

Baby, are you ready for the life of something  
new gotta try everything or anything if you want  
to move, want to go big, well try hard a enough, and  
you will, Luck, confidence, love, will increase your  
chances to succeed even if you are a Singer, rapper,  
actor,  
football, basketball player work harder  
Take it on, and I can promise you will get it all.

Take it on, take it on, take it, take, take it on  
on all night, take it on, run towards it and beat it,  
there might be several things in your way trying to stop  
you  
just disregard it and move along, Keep running, don't  
stop  
keep it up Rock on, your almost there, now it's your
