When the horizon will be red blood wherever he is or
goes
I will be with you you walk the path of seven black
candles

Vision of black might...dream of reality
whispers of ancient spirit in the forest...forever as one!

I give the occult art of Goezia Strigis

I give the horrid power of Capiquel
Ancou the powers of Dioxemeion
When the priest invokes his God...

You will give the death to him with the Roasry of Blood
and the Numero Putrefactionis
You will be...a new Vampire!
