YOU WANNA...

One step

One step away

From that guy

The one who stole my heart away

The other time.

Iâ'm not the same person

Like the other day

Iâ'm new,timeâ's passed by

Iâ've changed.

(Bridge)

They say people donâ't know

What theyâ've got tillâ' itâ's gone

Looks like it didnâ't take you

That long for you to know.

(Chorus)

You wanna taste of me

You wanna taste of me,now

You wanna taste of me

You wanna piece of me

You wanna piece of me,now

You wanna piece of me. (2x)

Too bad

Too late now

To move

The man I have

Made a right turn

Way too soon.

Heâ's gentle

Heâ's a sweetheart

Heâ's the real thing

One thing though

He really knows how to please me

But nowâ...

(Chorus)

You wanna taste of me

You wanna taste of me now

You wanna taste of me

You wanna piece of me

You wanna piece of me,now

You wanna piece of me.
(Bridge)
They say people don't know
What they've got till it's gone
Looks like it didn't take you that
Long for you to know.
I'm sorry
I'm really sorry
Like you told me
I don't feel how I used to 2x
Were the exact words you said to me
You wanna taste of me
You wanna taste of me,now
You wanna taste of me
You wanna piece of me
You wanna piece pf me ,now
You wanna piece of me
You wanna hold me
You wanna hold me now
You wanna h old me
You wanna touch me
You wanna touch me,now
You wana touch me.
(Dance)
(Chorus)
repeat chorus till fade
Baby you're too late now.
