Oh oh oh guitar man
come on and play that song again
dig that old Rock'n'Roll
swinging down to my soul.

Oh oh oh guitar man
now let me hear your rocking band
playing music machine
oh boy
you know what I mean.

Wanna hear that music more and more
thinking what we had in 64
and I'm dreaming of the song we knew
the song of me and you.

Can't you hear
can't you hear

come on baby dancing to the music
listen to that Rock'n'Roll band.

Oh oh oh guitar man
come on and play that song again
dig that old Rock'n'Roll
swinging down to my soul.

Walking on that seashore hand in hand
writing all love letters in the sand
now I'm trying to recapture
love's old charme and burning rapture.

Can't you hear
can't you hear

come on baby dancing to the music
listen to that Rock'n'Roll band.

Oh oh oh guitar man
come on and play that song again
dig that old Rock'n'Roll
swinging down to my soul.

Oh oh oh guitar man
now let me hear your rocking band
playing music machine
oh boy
you know what I mean.

say you'll be mine
I love ya I really love ya honey

ooh la la ooh la la
