When I met you, I thought I was so cool,  
But then I found out, I was just another tool,  
I never get the hot girl, and I guess I should've seen,  
But then I let my ego, get the best of me  
When I see you, my brain it goes numb,  
I cant find the words, like ive lost my tongue,  
Maybe I shouldve wrestled, or played sports,  
But I just cant stand touching guys in little shorts

Help me I need her,  
The one that mattered most of all,

Help me I need her,  
To get me through this all,

Help me I just cant stand, back to watch her fall

Help me I need her,  
If she only cared at all  
So maybe I found the one, and she is just the best,  
Better than you skanky bitches and your taunting  
breasts,  
One day I hope you can come to realize, theirs more to  
the world than  
having sex with guys  
Help me I need her,  
The one that mattered most of all,

Help me I need her,  
To get me through this all,

Help me I just cant stand, back to watch her fall

Help me I need her,  
If she only cared at all  
Help me I need her,  
The one that mattered most of all,

Help me I need her,  
To get me through this all,

Help me I just cant stand, back to watch her fall

Help me I need her,  
If she only cared at all
