Oh yeah you know me
This aint gon be the same story
I hope u miserable
Cuz you knew u didn't deserved me
But no you won't have me anymore
No I found my way I won't return to my fake old life

(Chorus)
And everythings alright
Cuz I'm living my life
I feel like I can't stop
But I don't even want to
Cuz I'm proud to say that I'm a special kind... Of
musician of lover of person of brother and son and I
don't want to be anything else
I'm working this
I'm working this
I'm working this out (x2)

And yeah yeah u listened to me
I mean it I'm for real
I want u out of here
Cuz ur in my way to perfection
You're breaking into my paradise
But no I shouldn't let you manage my life
No I can wait to kick u out of here
Cuz I'm so done with you
And I hope u move on without me

(Chorus)

And everybody says I shouldn't be this way
But I'm perfect and fine cuz everythings is alright
Step by step
Side by side
Moving at the speed of light
You ain't gonna be anything else than another obstacle
to me so shut up okay?

(Chorus)
