Panic

This feeling that corrodes
Never stops, it hurts
All this rules - adversity
Are captured deep inside

All theses minutes full of depression
Never run away
I'm dealing with self-conscience
So ever, demolition far awaymyself

I'd share a place with you
Where we'd be equal
We'd hold the line and cry with it
We'd meet the elements
Acknowledge the fear
Deep is the matter, deeper than the ocean

Panic Disorder
Panic Disorder

I wish for more love
Can't handle the fear
Heal me and save me in your memory
Where panic loses control

The days went by and I am here
Stronger than before
Left to you
Waiting for new words there's no healing

All theses minutes full of depression
Never run away
I'm dealing with self-conscience
So ever, demolition far awaymyself

I'd share a place with you
Where we'd be equal
We'd hold the line and cry with it
We'd meet the elements
Acknowledge the fear
Deep is the matter, deeper than the ocean

The days went by and I am here
Stronger than before
Left to you
Waiting for new words there's no healing
There's no healing
