

## To Hate "Silence Implies Consent"

I just can't finish  
When errors are part of the sistem  
Causes demolish consequences

In state of a lie the screams are in me

Silence  
Implies  
Consent

Examples are the forces in backgrounds  
With presure they are making the sight

The one who in silence agrees  
With a grain of sickness

It's about emptiness

The one who in silence agrees  
With a grain of madness

In silence is the time

Between two eyes  
I can see deep pain  
I trust in years and  
I can never sleep

I imagine hate behind me  
My friend can tell  
If I was chosen  
The legend would be mine

In state of a lie the screams are in me

Silence  
Implies  
Consent

Word is my bond  
Religion will come with a new terror  
Where sound minds a sound

Read it from my lips

Between two eyes  
I can see deep pain  
I trust in years and  
I can never sleep

I imagine hate behind me  
My friend can tell  
If I was chosen  
The legend would be mine
