Every step, every thought, every touch
Deep somewhere in my soul
Despair frets me
The cross is always there

If birth of death
Now appears
I can't die
Because the time isn't real

She is coming from the sky
Red light
Dirty blood
Shed in clouds
And the world is loosing power

She is coming from the sky
Red light
Dirty blood
Shed in clouds
And the world is loosing power
Sky opens up
The light is blinding me
Pain occurs in me
But I may not die
I feel the kiss, truth of life
I fight for her

She is coming from the sky
Red light
Dirty blood
Shed in clouds
And the world is loosing power
Sky opens up
The light is blinding me

Every step, every thought, every touch
Deep somewhere in my soul
Despair frets me
The cross is always there

If birth of death

Now appears
I can't die
Because the time isn't real

I dropped last tear
I am alone at once
I saved the world
Even if I die

She is coming from the sky
Red light
Dirty blood
Shed in clouds
And the world is losing power
Sky opens up
The light is blinding me
Pain occurs in me
