When I read a book I feel between my fingers  
when I am lying in my room  
I throw my skin in to display  
When I read a book I like to feel between my fingers  
when I am lying in my room  
I'd like to throw my skin to display

This is my direction

We're helping you stay connected  
Because we often see devices coming from arrest  
With good technology but with the wrong ideas  
They kill us for our nothingness

Useless Device is in my brain  
Useless Device circles in me

Stranger is death  
Killer's are back

Why am I so nervous?  
Is this my portrait?

Useless Device is in my brain  
Useless Device circles in me

Stranger is death  
Killer's are back

Why am I so nervous?  
Is this my portrait?

When I read a book I feel between my fingers  
when I am lying in my room  
I throw my skin in to display  
When I read a book I like to feel between my fingers  
when I am lying in my room  
I'd like to throw my skin to display

This is my direction

You don't want to read a book about machines

I don't want to read a book about lovely Kristine  
This is a limited run  
What if I stop this?  
What if I let this happen?

Useless Device is in my brain  
Useless Device circles in me

Stranger is death  
Killer's are back

Why am I so nervous?  
Is this my portrait?

Useless Device is in my brain  
Useless Device circles in me

Stranger is death  
Killer's are back

Why am I so nervous?  
Is this my portrait?

My portrait
