I see your tears fall from the sky tonight,
Shines like a rainbow in the rain at night,
My heart starts to beat so irregularly,
As my eyes start to fill, Nomore can i see

This is the way, it's gonna be,
I've just been told I'm no longer free

So open up the door, take me to a place where your lies
are raw,
You change my integrity, You steal my speech and
replace it with some blasphomy,
And i don't like.. The changes you make

The ways of your world begin to show,
You do things to me, they'll never know,
Gonna take a gun in my ride tonight,
So i can shot away, the spite of your bite

his is the way, it's gonna be,
I've just been told I'm no longer free

So open up the door, take me to a place where your lies
are raw,
You change my integrity, You steal my speech and
replace it with some blasphomy,
And i don't like.. The changes you make

So open up the door, take me to a place where your lies
are raw,
You change my integrity, You steal my speech and
replace it with some blasphomy,
And i don't like.. The changes you make
