I like your smile and the way you talk,
Your pretty eyes and your glamorous walk,
Everything built so perfectly, You're the one you
complete me

I chose you right from the start,
Only love could take us apart

You're the one who makes me who I am,
Without you I'm a simple man,
You took my heart and you took my soul,
I'll say yes if I mean no

There was a time when it all went away,
I turned my thoughts to a melody,
Just to show you the way I feel,
You took my life but you keep it filled

chose you right from the start,
Only love could take us apart

You're the one who makes me who I am,
Without you I'm a simple man,
You took my heart and you took my soul,
I'll say yes if I mean no

Simple Man, I'm a simple man, Simple Man

I like your smile and the way you talk,
Your pretty eyes and your glamorous walk,
Everything built so perfectly, You're the one you
complete me
