(lead vocal - eric woolfson)

Nothing's good the news is bad  
The heat goes on and it drives you mad  
Scornful thoughts that fly your way  
You should turn away cause there's nothing more to  
say

You gave the best you had to give  
You only had one life to live  
You fought so hard you were a slave  
After all you gave there was nothing left to save

You've got nothing left to lose (you've got nothing left  
to lose)  
No you've got nothing left to lose (who'd wanna be  
standing in your shoes)

Nothing ventured nothing gained  
No more lingering doubt remained  
Nothing sacred or profane  
Everything to gain  
Cause you've nothing left
