I'm closing up shop. This is my shop.  
And I'm locking my doors. They're my doors.  
Won't let you inside, on my side.  
I'm locking my doors once more.

Never again, will this happen to me.  
Never again, I won't let it.  
Never again, will this happen to me.  
Never again, I won't let it.

I'm closing up shop. This is my shop.  
And I'm locking my doors. They're my doors.  
Won't let you inside, on my side.  
I'm locking my doors once more.

Never again, will this happen to me.  
Never again, I won't let it.  
Never again, will this happen to me.  
Never again, I won't let it.

I'm closing up shop, And locking my doors.  
Won't let you inside no more.  
Cause never again will this happen to me.

Never again I won't let it.  
I'm closing up shop. This is my shop.  
And I'm locking my doors. They're my doors.  
Won't let you inside, on my side.  
I'm locking my doors - once more.
