Why don't you stop lying and just tell us the truth?
Why don't you stop lying and just tell us the truth?
Why don't you stop lying and just tell us the truth?
Why don't you stop lying and just tell us the truth?

Reagan knew, Reagan knew, Ron told North just what to do.

Our Government lied, to hide the truth.

Ron told Ollie, "We'll shred the truth"

Oliver North was set-up, and all of congress knew it.

Yea, Ollie North was set-up, and guess who made him do it?

Mr. President I know you knew.

Do you think I'm as dumb as you?

A word to the wise, Oh what should we do?

Take that shredder and throw Ronnies ass through!

Why don't you stop lying and just tell us the truth?
Why don't you stop lying and just tell us the truth?
Why don't you stop lying and just tell us the truth?
Why don't you stop lying and just tell us the truth?
