Get outta the way you lazy bum, I got work to do.
It's 6 o'clock get up we're late,
I'll slam you in the head, you do that again.

Someday, all of this will be yours.
Someday, all of this will be yours.

I've busted my ass for 20 years, and this is the thanx I
get?
Club Med twice a year, a condo? A new car?!

Someday, all of this will be yours.
Someday, all of this will be yours.

Get outta the way you lazy bum, I got work to do.
It's 6 o'clock get up we're late,
I'll slam you in the head, you do that again.

Someday, all of this will be yours.
Someday, all of this will be yours.
Someday, all of this will be yours.
Someday, all of this will be yours.
