this must be a dream  
can't be what it seems  
this must be a dream  
look what I found in you  
my little treasure  
I need to pinch myself  
call it what you  
wonderment at you  
need you that's all I do  
you beautiful thing x2

none of this is real  
that I see or feel  
none of this is real  
now that I have you near  
my little cup cake  
I waited for this day  
thought of little else  
what I'm gonna do  
feel like a lunitic  
you beautiful thing x2

I left my house the other day  
and there was a car on my street  
that looks an awful lot like your car  
just sitting there  
I checked the license plate  
to see if it matched yours  
cause I have yours memorized  
the first 3 numbers anyway  
and you and I both know it was you

I want you for my own  
we can start a new  
I want you for my own  
sit and be quite it now  
my little button  
can't contain my joy  
look who's crying now  
get back in the house  
life will be good to you  
you beautiful thing x4
