Thirst

Beautiful

i hope that you don't take this wrong
but i can't seem to get you off my mind
it's not like me to think about
someone i don't even know
you make it hard to not believe
in love at first sight
because you are by far
the most beautiful tonight

not just your pretty smile
your hair that flows for miles
or innocent eyes
but something about you tells me
that you might be as beautiful inside as you are outside
and i look around at everyone tonite
and you are by far
the most beautiful tonight

there's something about you
that gets to me
there's something about you
that gets to me
you make me sing
you get to me

every time i look at you
something comes over me
and i'd love to be the one
to make you laugh to make you sing
to hold you in these arms right next to me
and though i don't believe in love at first sight
but you are by far
the most beautiful tonight
