There she, goes, there she goes
And our only choice, is to let go

There she goes, there she goes, there she goes
There she goes, there she goes, there she goes

Now I have a dream of her, up and down in my head
And ... to be with here, would that make her truth
Just with one kiss girl you're killing me
Undress fulfilling my fantasy,
I've written for you a symphony
I'm living out every memory, can't you see

There she goes, there she goes, there she goes
There she goes, there she goes, there she goes
There she goes, there she goes, there she goes
There she goes, there she goes, there she goes

Now I often mince my words every time your around
Your body's an hour glass - just watch how she moves
Just with one kiss girl you're killing me
Undress fulfilling yourf antasy,
I've written for you a symphony
I'm living out every memory, can't you see

There she goes, there she goes, there she goes
There she goes, there she goes, there she goes
There she goes, there she goes, there she goes
There she goes, there she goes, there she goes

[Guitar solo]

There she goes, there she goes, there she goes
There she goes, there she goes, there she goes
There she goes, there she goes, there she goes
There she goes, there she goes, there she goes.
