I can smell him on your clothes  
you didn't think I'd notice did ya?  
I can feel a change in you  
you didn't think I'd feel it did ya?  
And I am coming down  
off of your love  
I am fighting this  
I think I've had enough  
I am shaking at the thought  
of losing you and I don't know what to do

You know me I can't breathe in these situations  
I am just so numb  
You must know me because you can see I have this  
love addiction  
It ain't leaving soon  
but your love is coming down

I can listen to your endless lies  
or I can walk away can't I?  
I can watch you fall apart  
or I could leave before can't i?  
I take one hit from you  
and I want some more  
Would you catch me  
When I'm falling to the floor  
And I am shaking at the thought  
of losing you and I don't know what to do

You know me I can't breathe in these situations  
I am just so numb  
You must know me because you can see I have this  
love addiction  
It ain't leaving soon  
but your love is coming down

(Music Break)

You know me I can't breathe in these situations  
I am just so numb  
You must know me because you can see I have this  
love addiction

It ain't leaving soon  
but your love is coming down
