Another moment of these feelings  
my friend calls love  
Another look at myself  
to convince me I'm no good  
I found the one I'll be with today  
When I'm dreaming away

She's my kind of girl  
She never lets me down  
She's my kind of girl  
and I'm fallen in love  
when i see her around  
She's my kind of girl

Another wish that everything  
will turn out right  
Another lie that will  
help me sleep tonight  
I found the one I'll be with today  
When I'm dreaming away  
She's my kind of girl  
She never lets me down  
She's my kind of girl  
and I'm fallen in love  
when i see her around  
She's my kind of girl

Yes it's better that we have never spoke  
Yes it's better that I stay away  
And it's better that I leave her alone  
Because she can't break my heart today

She's my kind of girl  
She never lets me down  
She's my kind of girl  
and I'm fallen in love  
when i see her around

She's my kind of girl  
She never lets me down  
She's my kind of girl  
and I'm fallen in love

when i see her around  
She's my kind of girl
