Do you know hurt, really know?
'Cause I see him when I wake
And he's waiting there for me

Crushing down, I'm freezing
Deeper in a hole everyday
'Cause the mountain's just too big

Through and through, it's loud and hard
Through and through
Takes no days off and no holidays

I've done my all and come up
Against my final last wall
Can't you see in these eyes?

From the long, long, long winter of the big freeze
You felt it, tell me that you felt it
Tell me I'm not alone, please, please I'm not alone

It's the big freeze, freeze, freeze
A different kind of cold
It's the big freeze, freeze, freeze
A different kind of cold

Do you know hurt, really know?
'Cause I see him when I wake
And he's waiting there for me

Crushing down, I'm freezing
Deeper in a hole everyday
'Cause the mountain's just too big

Through and through, it's loud and hard
Through and through
Takes no days off and no holidays

I've done my all and come up
Against my final last wall
Can't you see in these eyes?

From the long, long, long winter of the big freeze

You felt it, tell me that you felt it
Tell me I'm not alone, please, please I'm not alone

'Cause it's the big freeze, freeze, freeze
A different kind of cold
It's the big freeze, freeze, freeze
A different kind of cold
