Out of control  
Control (x5)

In the middle of the night he came inside, turned on  
the light  
I grabbed a knife and then I hit him with a big surprise  
Don't fuck with me

I was walking in the street, he looked at me so sexually  
Blew him a kiss and then I introduced him to my fist  
Don't fuck with me

Emergency, somebody stop me  
Emergency  
Out of control, out of control  
out of control, you don't even know  
Out of control, out of control  
you never met a bitch like me

I was sitting in a bar, he put his hand a little far  
inside my skirt n' then I kicked him where it really hurt  
Don't fuck with me

I was invited to his show, he was all covered up in blow  
he said "do me baby I'm a star", then I smashed up his  
guitar  
Don't fuck with me

Emergency, somebody stop me  
Emergency ...  
Out of control, out of control  
out of control, you don't even know  
Out of control, out of control  
you never met a bitch like me

All I see is everyone around me after me  
Emergency, won't somebody please stop me  
Red light, the siren's on  
Red hot, sound the alarm  
Oh no, you never met a bitch like me

Out of control, out of control

Oh no  
Out of control, out of control  
out of control, you don't even know

Out of control, out of control  
out of control, you don't even know  
Out of control, out of control  
you never met a bitch like me

Out of control, out of control  
out of control, you don't even know  
Out of control, out of control  
Out of control, out of control

Don't fuck with me  
Don't fuck with me
