I never thought I'd meet someone like you
Everything about you is so cool
I like the way you walk and the way you talk
You can do what no one else can do
And when you dance with me it makes me see
That you and me are kinda meant to be

Everybody said we wouldn't last
This would be over really fast
They said I was a fool
Thought him for a tool
That I should break things off with you
And now that we're apart
It feels like I'm an incomplete machine with a broken
heart
Just like you

I can't stop thinking of you
And I just want you to know

CHORUS:

It's another late night
(Late Night)
And all I want to do is get with you and make it feel
right
(Feel Right)
I don't really care about losing some scene tonight
(Tonight)
I just wanna leave this place and make you feel so nice
(So Nice)
You're my robot lover

I never meant to leave you bed of rust
I didn't want to go and break the trust
Now I'm on my knees
Saying baby please
Can't we go back to being us

I promise I will never leave your side
I've realized I need you to survive
Woh oh ooooh

I can't stop thinking of you
And I just want you to know

CHORUS:

It's another late night
(Late Night)
And all I want to do is get with you and make it feel
right
(Feel Right)
I don't really care about losing some scene tonight
(Tonight)
I just wanna leave this place and make you feel so nice
(So Nice)
You're my robot lover

Spoken:

Oh Robot
I've missed you
It just hasn't been the same without you

I was sad when you left me too
You know it's your love that turns me on

Will you be my robot lover?
Totally.....

CHORUS:

It's another late night
(Late Night)
And all I want to do is get with you and make it feel
right
(Feel Right)
I don't really care about losing some scene tonight
(Tonight)
I just wanna leave this place and make you feel so nice
(So Nice)
You're my robot lover

It's another late night
(Late Night)
And all I want to do is get with you and make it feel
right
(Feel Right)
I don't really care about losing some scene tonight
(Tonight)
I just wanna leave this place and make you feel so nice
(So Nice)
You're my robot lover

You're my robot lover

You're my robot lover
Robot Lover
Robot Lover

Spoken:
You know it's your love that turns me on
T..T...Turns me on
Robot Lover
