I've got my tight pants on and I'm feeling hot
Got my cherry lip gloss and I'm sucking on a lollipop
The dancefloor is calling out my name
When the DJ plays I'm gonna yeah yeah yeah yeah

Lights are flashing in my face
Speakers blasting, taking me away

They will free us when the music plays
we can escape, take me away
I wanna spin like a DJ

You will see us when the music plays
We'll fly away, take me away
I wanna spin like a DJ

Tonight's the night I'm gonna rock the stage
Got my DJ name and my record case
Now the dancefloor is calling out your name
When the beat drops you're gonna yeah yeah yeah
yeah

Lights are flashing in my face
Speakers blasting, taking me away

They will free us when the music plays
we can escape, take me away
I wanna spin like a DJ

You will see us when the music plays
We'll fly away, take me away
I wanna spin like a DJ

Do you know where your teenager is at five o'clock in
the morning?
The after hours club. The clubs attract thousands of the
young people.
Some say they come looking for drugs, dirty dancing,
and pounding, pounding techno music.

They will free us when the music plays
we can escape, take me away

I wanna spin like a DJ

You will see us when the music plays

We'll fly away, take me away

I wanna spin like a DJ
