Where you go tonight?\*

Can you take me with you for a ride?  
I am waiting for the right situation  
All my invitations have been denied

Where you gonna dance?  
Alone your eyes closed in a trance  
Don't you need some real interaction?  
A chemical attraction, some in sense

Hooo don't you know you're lonely?  
Can't you feel the blood is in your veins?  
It's such a shame  
That you've giving up on love  
Kill the pain

Give me lips  
Suck my kiss  
Give me love  
Can't get enough

Give me a lil fix  
Just one lick  
Come on baby, suck my kiss

La la la la la la  
La la la la la la la  
La la la la la la  
La la la la la

Where you gonna sleep?  
Won't you need some body's body heat?  
That could be me oooh  
Don't you see I'm ready?  
Can't you see I'm fading like a rose, left in the snow?  
Don't go pushing me away another day

Give me lips  
Suck my kiss  
Give me love

Can't get enough

Give me a lil fix  
Just one lick  
Come on baby, suck my kiss

La la la la la la  
La la la la la la la  
La la la la la la  
La la la la la

La la la la la la  
La la la la la la la  
La la la la la la  
La la la la la

Hooo I can make you happy  
I can take you to a getaway, a secret place  
Where I love to love you baby  
Night and day

Give me lips  
Suck my kiss  
Give me love  
Can't get enough

Give me a lil fix  
Just one lick  
Come on baby, suck my kiss

Give me lips  
(Just gimme your lips now baby, suck my kiss)  
Give me love  
Can't get enough  
(I just can't get enough)

Give me a lil fix  
Just one lick  
Come on baby, suck my kiss

La la la la la la  
La la la la la la la  
La la la la la la  
La la la la la

La la la la la la  
La la la la la la la  
La la la la la la  
La la la la la

Suck my kiss
