Tiger heat
Tiger heat
Burning up the floor to the million dollar beat
Don't stop like a record, like a record on repeat
Dance to the heat of your own drum machine

In the concrete jungle
There's a girl that I know
See her walking down the street
In her leopard skin coat

If you look into her eyes, you can see
She's wild like a beast
She's wild

She crawls into the spotlight
Every night tearing up the neon like a freak
Much more than you can ask for on the dancefloor
You gotta let her have her way now baby

Rip, claw, burn, raw
Heat tiger heat
Don't stop her right now
She's like a record on repeat
Ya heat tiger heat

Tiger heat
Tiger heat

In your neon dreams
She's the queen of the scence
Old school sheltoes tattoo of a stereo

She crawls into the spotlight
Every night tearing up the neon like a freak
Much more than you can ask for on the dancefloor
You gotta let her have her way now baby

Rip, claw, burn, raw
Heat tiger heat
She scratches like a record

Like a record on repeat
Ya tiger heat

Tiger heat
Tiger heat
Burning up the floor like it's 1983
Like it's 1983

Dance dance dance dance dance

In the concrete jungle
There's a girl that I know
See her walking down the street
In her leopard skin coat

If you look into her eyes, you can see
She's wild
She's wild

Rip, claw, burn, raw
Heat tiger heat
Don't stop her right now
She's like a record on repeat
Ya heat tiger heat
