What's gonna happen to me?
What's gonna happen to me?
Maybe one day they'll all see,
I'll put an end to the misery, yeah.

Say a prayer for me, say a prayer for me,
killing me with confusion a prayer for me.
Pardon the intrusion,
breathing is so hard to do when hands cover your
mouth.

Just another fucked up day,
the feeling in my belly won't go away.
I pray to god so I see the world like everyone else.
I try to break free, a blanket of depression over me.
I'm learning to take refuge in this madness.

What's gonna happen to me?
What's gonna happen to me?
Through these opaque lenses I see,
they put me down just to bring themselves up, yeah.

Say a prayer for me, say a prayer for me,
killing me with confusion a prayer for me.
Pardon the intrusion,
breathing is so hard to do when hands cover your
mouth.

I know I'm smarter than this:
plot demise, sleep my life away.
In the crowd her face I can't miss,
cannot deal now she's gone away.
I know I can, I know I can, get off this couch, I know I
can.
I know I can, I know I can, get off this couch....

One day they'll all see
I can put an end to this misery, yeah

Say a prayer for me, say a prayer for me,
killing me with confusion a prayer for me.

Pardon the intrusion,
breathing is so hard to do when hands cover your
mouth.

Say a prayer for me!;
