Sweepin' through another year and we're pickin up
speed never
Gonna give it up definitely. Take it to another level -
grab the shovel
And scoop the rest out of my way. Giddy like a school
boy
Got the tools, boy - never play the unemployed. Comin'
with
Velocity with the needles in the red - think i lost my
sanity
Straight to hell - that's where I sent'em
Straight to hell - that's where I sent'em
Straight to hell - that's where I sent'em
Straight to hell
Here we come again - bring another jam, with the mic
in my hand
Yeah you know we slam. Moving forward with
momentum
Straight to hell, that's where we sent'em. Sometimes
freaky
Sometimes we get nice - if feels good sometimes we
do it twice
Or three times or four times or five or six. REWIND! The
tape
Get me back in the mix.. We'd like to thank our friends
for a hell of
A time, we hope it never ends. Crack a little smile when
it's time to get
high
So!
Straight to hell - that's where I sent'em
Straight to hell - that's where I sent'em
Straight to hell - that's where I sent'em
Straight to hell
Allow me to illustrate, and paint the perfect picture of
the perfect
perpetrator
Make me look down on the up stroke, cause I got no
love for the evil
Imitator. I live to hear the people yellin' and screamin'
and clappin' and
Toe tappin'. Ain't gonna be no gum flappin'. To shun -

To shun...
To just turn away.
Straight to hell - that's where I sent'em
Straight to hell - that's where I sent'em
Straight to hell - that's where I sent'em
Straight to hell
