Long ago-in another life  
I was innocent-just a child  
Transformed my brain into  
an evil thing  
Now I'm a creature of the night

I'm a shadow in the darkness and I'm wathing you  
Though you can't see me I am always at your side  
When I'm on your heels - you see how it feels  
To sense the curse of azrael

In the night - I'll come to you  
Your life belongs to me  
I wake you up - you stare at me  
I'm the last thing that you'll ever see

The panic in your eyes that I have hungered for  
Shows me you have realised the truth  
Death comes to the dying - and before your eyes grow dim  
The last word on your lips is azrael

I will destroy your dreams  
I will destroy your mind  
I will destroy your soul  
And then I'll take your life

Sometimes I remember the life I had before  
I asked myself was it just a dream  
When I close my eyes I see an ocean flowing blood  
And in my sleep I hear those fearful screams

So lock your doors - remove the keys  
It doesn't matter if you leave or stay  
Wherever you go I'll be expecting you  
Your resistance is the spice that I crave

When you imagine there's a movement in the shadows  
The light around you is weaknes more and more  
Prepare for the arrival of the uninvited guest  
The angel of the darkness - azrael

I will destroy your dreams  
I will destroy your mind  
I will destroy your soul  
And then I'll take your life,...
