Mother nature comforts us  
Embraces to her breast  
Fields of gold and icy plains  
We feel her great caress

Cocooned by earthly majesty  
A cosmic jewel in time  
Surrounded by a giving sun  
It's good to be alive

Pasture lands and silver streams  
Finger through the land  
Magnify the hopes and dreams  
Moving, living sand

Canyons wind and trembled winds  
Mountains touch the sky  
It's nature's breath we all depend  
It's good to be alive

OHHHHHH;THE EYE OF THE EAGLE  
OHHHHHH;FINDS IT ALL  
OHHHHHH;THE EYE OF THE EAGLE  
OHHHHHH;SEES IT ALL

Sounds of silence fill the air  
A diamond in your palm  
The elements in harmony  
Innocent and calm

So stand alone and touch the stars  
Heaven will be kind  
Feel the love of brotherhood  
So good to be alive

OHHHHHH;THE EYE OF THE EAGLE  
OHHHHHH;FINDS IT ALL  
OHHHHHH;THE EYE OF THE EAGLE  
OHHHHHH;SEES IT ALL

Towering woods of dignity

Oceans giving birth  
Arose a host of energy  
A hail to mother earth

Never blind the eagle's eyes  
Keep wind beneath their wings  
Living free and soaring high  
Good to be alive

OHHHHHH;THE EYE OF THE EAGLE  
OHHHHHH;FINDS IT ALL  
OHHHHHH;THE EYE OF THE EAGLE  
OHHHHHH;SEES IT ALL
