We don't give a damn what they do for a living  
Everywhere we go we party just the same

Getting all my fun  
With crazy little girls like you  
Playing all your games acting like a fool

Screaming - feel the fire  
Screaming - feel the fire - feel it now now now

'cause we are hot tonight - hot tonight  
'cause we are hot tonight - hot tonight

Must be time to go i'm feeling hot and sweaty  
Find a place to go to make it hard'n'heavy

Wasting all this time  
Would be a silly thing to do  
Please don't be a tease now it's time me and you

Screaming - feel the fire  
Screaming - feel the fire - feel it now now now

'cause we are hot tonight - hot tonight  
'cause we are hot tonight - hot tonight

Screaming - feel the fire  
Screaming - feel the fire - feel it now now now

'cause we are hot tonight - hot tonight.....
