"Cold Up North"

Visit "[Cold Up North](#)" on MotoLyrics.com

It's so cold up north, that a bird can hardly fly
Well it's so cold up north, that a bird can hardly fly
Now you know I'm goin' back down south, let this winter
pass on by

Well I know my baby, don't know what a shape I'm in
Yeah I know my baby, she don't know what a shape I'm
in
Now you know I ain't had me no lovin', people you know
I ain't got no friend

Hmmm mmmm
Hmmm mmmm
Now you know I ain't had me no lovin', people you know
ain't got no friend

Well I believe I go, further down the road
Yeah I believe I go, further down the road
Now you know I done stayed over here in Switzerland,
people you know I done almost froze

Well if I could hold, hold my heart in my hand
Yeah if I could hold, hold my heart in my hand
You know I would show you pretty girls, just how to treat
your man
