She moves me man, honey and I don't see how it's
done
She moves me man, honey and I don't see how it's
done
She gotta pocket full of money, little doll don't try to
help me though

She move me when she get drunk, then she say I'm not
nowhere
She call me a dumbbell, she tells me I'm nothing but a
square
She moves me man, honey and I don't see how it's
done
She got a pocket full of money, the little girl don't try to
help me though
(What kinda woman is that?)

She move a crazy man, who say now I'm not so dumb
I take her to a funeral boy, the dead jumped up to run
She look at a deaf and dumb boy, said now I can speak
She shook her finger in a blind man's face, once I was
blind but now I see
She moves me man, honey and I don't see how it's
done
She gotta pocket full of money, the little girl don't try to
help me though
