1 Star above the flag, twos what we want,
It's in da bag

Come on England, let's bring it home
You got the nation behind you, you're not alone.

Big screens all over the place,
Showing your match, don't be a disgrace.

Chorus: WAGS won't do it and an ego certainly wont,
Passing and scoring is what we want.
Rooney up front and Lennon down the wing, when the
ball goes in the net, the nation will sing.

Hoggin' the ball is not how to play; we need more
team spirit to go all the way

Score a goal Gerrard, don't let us down,
We want proud, happy faces not miserable frowns.

Chorus: WAGS won't do it and an ego certainly wont,
Passing and scoring is what we want.
Rooney up front and Lennon down the wing, when the
ball goes in the net, the nation will sing.
