Here we are so what you gonna do?
Do I gotta spell it out for you?
I can see that you got other plans for tonight
But I don't really care

Size me up, you know I beat the best
Tick tock no time to rest
Let 'em say what they gonna say
But tonight I just don't really care

Come on baby, we ain't gonna live forever
Let me show you all the things that we could do
You know you wanna be together
And I wanna spend the night with you

Yeah, yeah, with you
Yeah, yeah
Come with me tonight
We could make the night last forever

I've seen it all, I've got nothing to prove
Come on baby, just make your move
Follow me let's leave it all behind tonight
(Follow me tonight)
Like we just don't care

Let me take you on the ride of your life
That's what I said alright
They can say what they wanna say
'Cause tonight I just don't even care

Come on baby, we ain't gonna live forever
Let me show you all the things that we could do
You know you wanna be together
And I wanna spend the night with you

Yeah, yeah, with you
Yeah, yeah
Come with me tonight
We could make the night last forever

Let's pretend you're mine

We could just pretend, we could just pretend, yeah
yeah
You got what I like
You got what I like, I got what you like

Oh come on, just one taste and you'll want more
So tell me what your waiting for

Come on baby, we ain't gonna live forever
Let me show you all the things that we could do
You know you wanna be together
And I wanna spend the night with you

Yeah, yeah, with you
Yeah, yeah
Come with me tonight
We could make the night last forever

Come on baby, we ain't gonna live forever
Let me show you all the things that we could do
You know you wanna be together
(Together)
And I wanna spend the night with you
(With you)

Yeah, yeah, with you
Yeah, yeah
Come with me tonight
We could make the night last forever
(Forever)
