Lol!ta

From the mouths of babes to the power of men
I make it all new again
hold my hand, hold my hand cause I can't touch the
ground
the carousel goes around, round and round
The addiction, the friction, it burns u alive
so illegal ,no evil is seen with these eyes
I won't tell if u won't and I will if u want
nothing is sacred, don't care if it's wrong

I'm you're lol!ta, la femme nikita
when we're together you'll love me forever
you're my possession, i'm your obsession
don't tell me never, you'll love me forever

Doomed from the start, we can't stay apart
everywhere I turn I'm trapped in your heart
there's no escape secrets keep u awake
no running away no saving the day
wild and exciting I'm breaking u down
you're making a comeback I'm taking your crown
nursery rhymes I'm singing my dreams
I'm lost in the woods and you're baring your teeth

I'm you're lol!ta, la femme nikita
when we're together you'll love me forever
you're my possession, i'm your obsession
don't tell me never, you'll love me forever

always stay close to me
don't think of leaving
and I promise I will keep
our secret

I'm you're lol!ta, la femme nikita
when we're together you'll love me forever
you're my possession, i'm your obsession
don't tell me never, you'll love me forever

always stay close to me

don't think of leaving
and I promise I will keep
our secret
