Don't know what we're fighting for
Who'd have known we'd fall
A second's too late
Crashed down 1 foot below the ground
Did you hear the sound
Of a smile that is fading
When will it go?
When will it stop?
There's a whirlwind in my head
A part of me still lives for you
so don't ever forget

CHORUS:

Cause i belong
I believe
We are one
You and me
But we keep on falling
Into silence
Out of love
Out of time
what will it take
Till you realize?
'Cause you know it's killing me
To be left unseen

Hey you
What's running through your head
It's cupid lying dead
While I'm sitting here waiting
And all the stupid little things
That belong to you and me
Will you really throw them all away?

REPEAT CHORUS

Cause i belong
I believe
We are one

You and me
But we keep on falling
Into silence

Out of love
Out of time
what will it take
Till you realize?
'Cause you know it's killing me
To be left unseen

I'm the one that's been tryin'
You left it all up to me
And I won't waste another day
'Till you believe
that maybe I've been mistaken
and didn't you ever need
is there truth behind the words you said to me

But we keep on falling
Into silence...

REPEAT CHORUS

Cause I belong
I believe
We are one
You and me
But we keep on falling
Into silence
Out of love
Out of time
what will it take
'Till you realize?
'Cause you know it's killing me
To be left unseen
