I'm having a day from hell  
It was all going so well before you came  
And you told me you needed space  
With a kiss on the side of my face, not again

And not to mention the tears I shed  
But I should've kicked your ass instead  
I need intervention  
Attention, stop temptation to scream

'Cause baby everything is left up straight from the heart  
Tell me, what do you do when it all falls apart?  
Gotta pick myself up, where do I start?  
'Cause I can't turn to you when it all falls apart, no, ohh

Don't know where I parked my car  
Don't know who my real friends are, anymore  
I put my faith in you  
What a stupid thing to do when it rains it pours

And not to mention, I drank too much  
I'm feelin' hungover, out of touch  
I need intervention  
Attention, stop temptation to scream

Baby, everything is left up straight from the heart  
Tell me, what do you do when it all falls apart?  
Gotta pick myself up, where do I start?  
'Cause I can't turn to you when it all falls apart, no, ohh

Can't it be easier? Can I just change my life?  
'Cause it just seems to go bad every time  
Will I be mended  
Another one ending once again?

Everything is left up straight from the heart  
Tell me, what do you do when it all falls apart?  
Gotta pick myself up, where do I start?  
'Cause I can't turn to you when it all falls apart, no, ohh

Everything is left up straight from the heart

Tell me, what do you do when it all falls apart?  
Gotta pick myself up, where do I start?  
'Cause I can't turn to you when it all falls apart, no, ohh  
Gotta pick myself up 'cause things are mended

Everything is left up straight from the heart  
Tell me, what do you do when it all falls apart?  
Gotta pick myself up, where do I start?  
'Cause I can't turn to you when it all falls apart, no, ohh
